10 ft

Main Floor Plan  
2945 sqft

**TOTAL FINISHED AREA**  
2945 sqft

This property was measured using the ANSI Z765 standard. Total floor area calculations are based on measurements taken from the outside surface of the exterior walls. Walls that could not be measured directly have been extrapolated from interior measurements. Calculations do not include porches, patios, decks, garages, carports, mechanical and electrical rooms, crawl spaces, and any other unfinished areas. Individual room dimensions have been calculated based on the largest rectangular space accommodated by the interior surfaces of those walls. For more information, please consult the ANSI Z765 standard. All measurements are subject to errors not exceeding 20%.
